Highmark's Over-the-Counter (OTC) Benefit

By enrolling in one of Highmark's Medicare Advantage plans with an Over-the-Counter (OTC) benefit, you receive a quarterly allowance to spend on OTC products that are exclusively available from this catalog, or the expanded selection available at **ShopHighmarkOTC.com**. With your OTC allowance, you can purchase products such as cold and cough medicines, incontinence supplies, vitamins, dental care, and much more. When you order products from this catalog, they'll be shipped directly to your home.

To view your quarterly allowance, log in to your account at **ShopHighmarkOTC.com**, call **1-800-560-9712 (TTY 711)**, or view your Evidence of Coverage (EOC).*

What is covered under your OTC allowance?

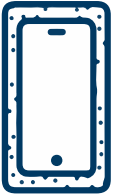

Eligible products include OTC remedies or medicines to alleviate or treat illness or injury, dental care products, eye and ear care products, and incontinence supplies (adult diapers). These products do not require a prescription from a health care provider.

Dual-purpose products are products that may serve more than one purpose. These products are sometimes used to alleviate or treat a medical condition or they may be used to promote general health and well-being. These products do not require a prescription from your provider to purchase. However, Highmark strongly recommends that you discuss these products with your medical provider prior to ordering or using. For your convenience, we have identified the dual-purpose categories throughout the catalog.

You may purchase OTC products beyond your quarterly allowance, but you are responsible for paying all associated out-of-pocket costs. Simply add your alternate card information in the checkout section when checking out at **ShopHighmarkOTC.com**.

If ordering by phone, the agent assisting you will walk you through providing alternate card information.

There are two easy ways you can place your order: by phone or online. Whichever way you choose to place your order, be sure to have your Highmark member ID number and date of birth available in order to access your OTC allowance.
